

# Franklin and Electricity

Activity Four: Test your knowledge!

BENJAMIN  
FRANKLIN  
HOUSE  
*36 Craven Street, London*

Answer the following questions

1. Name as many items that are **powered by electricity** in your home

2. Name as many **sources of electricity** that can be found in your home

3. Franklin identified lightning as a natural source of electricity. Can you think of any other ways we can **make electricity using nature**?
